

PROFESSIONAL SUMMARY:

MBA candidate specializing in Business Intelligence & Data Analytics with experience in reporting, dashboard development, KPI tracking, and predictive analytics. Skilled in Power BI, SQL, Python, and Advanced Excel. Strong ability to translate complex datasets into meaningful business insights through reporting, visualization, and trend analysis. Passionate about leveraging analytics, dashboarding, and data-driven problem-solving to support business growth and operational efficiency.

CORE COMPETENCIES:

- **Analytics & Tools:** Advanced Excel, SQL (Joins, Aggregations, Filtering), Power BI (Dashboard Development, Data Modeling, Basic DAX), Python (Pandas)
- **Data Management:** Data Cleaning, Data Validation, Data Quality, Reporting, KPI Analysis
- **Data Analysis:** Exploratory Data Analysis (EDA), Data Transformation, Trend Analysis
- **Database & Querying:** Data Extraction, Data Filtering, Basic Query Optimization
- **Reporting & Insights:** Dashboarding, Data Visualization, Business Insights Generation
- **Business & Operations:** Process Improvement, Stakeholder Coordination, Problem Solving

EDUCATION:

- **Master of Business Administration – (Business Intelligence & Data Analytics)**
Amity University | 2026 | CGPA: 8.24
- **Bachelor of Commerce - (B. Com)**
St. Xavier's College | 2017 | 65.97%

PROFESSIONAL EXPERIENCE:

Northscape Group | Back Office Executive | Jan 2021 – Oct 2023

- Built and maintained operational reporting systems using Excel to support business monitoring and decision-making.
- Managed data validation, reporting, and tracking processes to ensure data accuracy and consistency.
- Analyzed customer complaint data and identified recurring root causes to support process improvements.
- Coordinated with operations, logistics, and support teams to resolve workflow issues and improve efficiency.
- Delivered weekly reports and performance updates used by multiple cross-functional stakeholders.

INTERNSHIPS:

Data Analytics Mentorship Program (Project-Based Internship) | **Launched Global** | May 2025 – Jun 2025

- Conducted EDA, feature engineering, and predictive maintenance modeling.
 - Random Forest model achieved 93.1% accuracy and 93.7% failure recall.
- Data Analytics Job Simulation | **Deloitte (Forage)**
- Business reporting, data visualization, and client insight communication.

RELEVANT PROJECTS:

Machine Failure Prediction – Internship Analytics Project

- Built predictive maintenance model using Random Forest.
- Achieved 93.1% accuracy and 93.7% failure recall.

Blinkit Sales Analysis Dashboard (Power-BI)

- Analyzed \$1.20M revenue using Power BI dashboards.
- Generated 5 business recommendations from sales insights.

AWARDS & CERTIFICATIONS:

- IBM Data Analyst Certificate (Ongoing)
- Advanced Excel Using AI Tools – 2025
- Banking Operations & Management (2015-2016)
- Paper Presentation – IFCGTB 2025 (INBUSH ERA World Summit), Amity University
